THATCHER THE BETRAYER!

NATIONAL FRONT
53, Greencroft Towers,
Felling, Gateshead 10.

THE NEW, supposedly 'tough' and 'Right Wing' Tory Government of Margaret Thatcher has betrayed more election promises, and betrayed them in a shorter time after being elected, than any previous Tory Government – indeed than *any* Government in recent times.

'Thatcherism', as a hard-line new brand of Conservative policy, represents one of the biggest confidence tricks ever pulled by the mass media during a General Election. It succeeded, and it stole votes from the National Front by stealing – or **appearing** to steal – NF policies.

But let's look at Thatcher's awful record since then:

RHODESIA

Thatcher promised that a Tory Government would quickly grant recognition to Rhodesia and maintain such vestiges of security for the Whites that still remained. The recent Rhodesian elections were fair, Thatcher said.

But her first act after being elected was to rush to the Commonwealth Conference in Lusaka and immediately capitulate to the murderous Black thugs of the Marxist "Patriotic Front".

She announced that the new Rhodesian constitution was not acceptable after all, that fresh elections must be held to include Nkomo's Marxist terrorists and that 'constitutional talks' must also include these murderers.

The Tory press, of course, hailed this abject surrender as a "brilliant new initiative". Thatcher's dancing partner, Kenneth Kaunda, is reported to have kissed her.

BOAT PEOPLE

Thatcher's promise of a tough line on future Coloured Immigration was her trump card in the election. In particular, there was to be no "new commitment to large-scale Immigration".

This pledge should certainly have ruled out the shrill demands that thousands of Vietnamese 'Boat People' be allowed into Britain. And the Tory press portrayed Thatcher as boldly resisting such demands.

Once again, her pledges were betrayed in weeks rather than months. After exactly 25 days of Tory Government the first 1,000 'Boat People' were admitted – followed soon afterwards by another 10,000.

CAPITAL PUNISHMENT

Thatcher's pledge to allow a "free vote" in Parliament on the restoration of Capital Punishment, and that she herself intended to vote in favour of restoration, was a classic example of the Tory ploy of giving the **impression** of support for a hard-line policy, whilst not **actually** supporting it.

Thatcher knew that on a "free vote" the combination of anti-hanging wets in her own party, plus those of the Labour and Liberal parties, was certain to defeat the restoration of hanging.

Meanwhile the media helped create the impression that her personal support amounted to a Tory pledge to restore it.

Thatcher, of course, could have imposed a compulsory pro-hanging "Three line Whip" on Tory MPs – but Tory leaders only impose compulsory votes on such issues as surrendering our national sovereignty to the EEC!

I.R.A. TERRORISM

A hard-line on terrorism and the IRA was another of Thatcher's promises. Yet after only three months of Tory Government masked IRA gunmen openly paraded in the streets of Ulster, and IRA leader David O'Connell was filmed by TV cameras arriving at a rally to the cheers of Republicans.

The Police and Army, on strict Government orders, stood by and did nothing.

The recent murders of young British soldiers and of Lord Mountbatten prove that there is still no determined effort to exterminate the IRA.

IMMIGRATION

Immigration has not been "curbed". In fact the Home Office specifically **denied** a suggestion last August that the Government was planning to reduce Immigration to 5,000 a year.

The Tories intend to "produce a Nationality Bill on roughly similar lines to the last Government's plan", a complete reversal of their election pledge.

Meanwhile, Immigration has *gone up*, according to the latest Home Office figures, and illegal Immigration has increased to *double* that of 'legal' Immigration!

UNION REDS

Promises to "curb" trade union extremists were crucial in the Tories' election victory. Since then all their promises have been betrayed.

There are to be no compulsory secret ballots for union elections. Instead, unions will be "encouraged" to adopt them.

There will be no legislation to outlaw the Closed Shop – only "compensation" for sacked workers!

There will be no legislation to outlaw secondary picketing, despite cleverly-worded insinuations to the contrary in the Tory Manifesto. Instead, the instigation of prosecutions will be left to the firms affected – a right which they have always had!

Six Tory promises have turned into six betrayals within six months of Tory Government!

DANSE MACABRE

"IRON MAIDEN" Mrs. Thatcher turns to jelly in the arms of Robertson's Jam mascot Kenneth Kaunda as they celebrate the final betrayal of White civilisation in Rhodesia.

TORY BETRAYALS ARE N.F. OPPORTUNITIES

WHERE did half the expected National Front vote go in last May's General Election? To the Conservative Party – chasing promises about Immigration, Law and Order, and Rhodesia.

We did our best to warn about Tory election lies. But with such a ghastly Labour Government in office, the prospect of getting even only the slightest action on these issues proved too much of a temptation to the more gullible NF policy sympathisers among the electorate.

When we predicted during the campaign that the Tories would betray those that they conned **within a year** we were wrong. The betrayals came in swift succession within THREE MONTHS!

Within two weeks the first thousand 'Boat People' were allowed in. Within another month a further 10,000 were invited. This on top of an **increasing rate** of Immigration from the usual sources.

It looked – momentarily – as if Mrs. Thatcher intended to safeguard the security of the White community in Africa's latest looney-land, 'Zimbabwe-Rhodesia', at the Commonwealth Conference in Zambia. But Nigeria nationalised BP Oil, and in a trice she was in the arms of 'Dr.' Kenneth Kaunda, celebrating another White defeat.

Mrs. Thatcher voted for the restoration of Capital Punishment – but she allowed a "free vote" safe in the knowledge that sufficient of her colleagues are so dripping wet that they would vote against restoration along with Labour and Liberal members. The whole exercise was a farce.

On these issues the Tory Government has done nothing in the last four months that the Labour Party would not have done.

These Tory betrayals must have come as a nasty shock to those who deserted us at the Polls last May. But we must rise above savouring their embarrassment. Instead we must seize the opportunity to use their disillusionment to instil into them the simple fact that for patriots THE NATIONAL FRONT IS BRITAIN'S **ONLY** HOPE!

NF News seeks to persuade its readers to feel angry about the evils of multi-racialism and to direct their anger solely at the corrupt politicians who created a racial problem in Britain, and not to the Immigrant people in general. "Racialism" is NOT unlawful – only "racial hatred".

BOAT PEOPLE: THE SOPLEY 'WELCOME' TURNS SOUR

WHEN Mrs. Thatcher's first thousand 'Boat People' arrived in Britain in June the mass media launched an intensive campaign to whip up an emotional atmosphere of 'do-goodery' in an effort to stifle widespread public disquiet.

The orgy of media-slop peaked when the first coach-load of ethnic Chinese entered the camp at Sopley, near Bournemouth, Hants.

Every effort was made to convince the public that local people were giving the 'refugees' an open-hearted welcome.

But suddenly the media attention on events at Sopley evaporated. Why?

Was it because there were no more news-worthy incidents occurring involving the 'Boat People'?

No – it was because people in the nearest village to the camp – Bransgore – called a public protest meeting in the village hall on 16th July.

The Camp's administrator, Brigadier Michael Harbottle, and Bransgore Parish Council Chairman Mrs. Jane Safe, were summoned to the meeting, which was packed with irate local people.

The only paper to report this meeting was the Bournemouth *Evening Echo*.

On 17th July it reported:

"Fears and frustrations that Bransgore has kept bottled up since the Vietnamese boat people arrived on the doorstep finally boiled over at a packed public meeting in the village hall last night.

"During a long and at times heated debate claims were made of under-age Vietnamese drinking and smoking on Bransgore streets.

"Some residents complained of being disturbed late at night by noisy refugees returning to camp after an evening's drinking. Others claimed that the play area in Brookside Road was being used by them as a lavatory.

"And the majority at the meeting made it clear they would no longer tolerate being kept in the dark over developments at Sopley.

"They demanded to know how long RAF Sopley would be in use as a refugee transit camp; how much it would cost in rates and taxes; and how much strain it would put on local medical and educational services.

"But they left the meeting none the wiser.

All smiles when 'Boat People' arrived at Sopley – but local anger has now boiled over

"Camp co-ordinator Brig. Michael Harbottle told them he could not comment on all three counts . . .

"Several people said they were concerned about the danger of contagious diseases such as TB and hepatitis among the boat people spreading outside the camp . . .

"One villager said she was worried about the effect of Sopley camp on local property values.

"Another criticised the Government's decision to allow more boat people into the country.

" 'My daughter and son-in-law are sinking their souls into buying a house for themselves while thousands of aliens come into the country and everyone falls over themselves to help'."

By suppressing news of this meeting after the publicity about the 'welcome' the people of Sopley were supposed to be giving to the Boat People, we see once again how the mass media perpetrates propaganda tricks on the gullible British public.

HELP MARTIN WEBSTER FIGHT RACE ACT CASE AND HAIN LIBEL ACTION

***NF NEWS* Editor Martin Webster faces two big Court battles in the near future – two Race Relations Act charges and a High Court libel action being brought by Peter Hain.**

The Race Act charges relate to issues 13 and 14 of *NF News* and assert that the material published was "likely to incite racial hatred".

Under the terms of the new (1976) version of the Race Act the Crown is relieved of the obligation to prove intent, an alteration which runs contrary to the traditional principles of British law.

Mr. Webster's trial will commence on Monday 29th October. A demonstration is being organised. NF officials will be notified of details for circulation nearer the date.

Meanwhile, the litigation for libel embarked on by Anti-Apartheid and ANAL campaigner Peter Hain against Mr. Webster is proceeding and a trial date is expected soon.

The action stems from Mr. Hain's objections to references to him in *Lifting the Lid Off the Anti Nazi League.*

Legal Aid cannot be granted in this case, so all those who wish Mr. Webster to fight back against Mr. Hain and all he represents are asked to make generous donations quickly.

ANTI-HAIN LEGAL DEFENCE FUND

To: The Secretary, NFN Press, PO Box 105, London EC2.

Sir:

The activities of Peter Hain in disrupting sporting links and friendship with South Africa, and in promoting the disgraceful activities of the 'Anti Nazi League' make him a figure to be opposed. I therefore enclose a cheque/postal order to "NFN Press" and crossed "Legal Fund" for the purpose of resisting his Libel action against Martin Webster.

Y.C. TWITS ON 'SUS', DOPE AND ENOCH

***DEMOCRAT* is the name of a new Young Conservative paper. It is an inane rag-bag of pseudo-Leftist gimmicks and vacuous pop music reviews.**

One article – which could have been lifted from *Socialist Worker* – called for the abolition of the law which enables Police to arrest a "suspected person loitering with intent" – the so-called 'Sus' law.

The Young Tory twerps – who generally don't live in inner city areas – claim so many Blacks are arrested under this law that it makes the Police look "racist".

The paper publishes an endorsement from Prime Minister Margaret Thatcher.

City Stockbroker Charles Smedley (*pictured*), 28, Vice-Chairman of the Greater London YCs has launched a campaign to legalise cannabis, saying:

"Everyone has this blinkered idea that only Young Socialists become involved in smoking cannabis, but this is a nonsense."

YC National Chairman Bob Hughes criticised Banstead, Surrey, YC branch for giving a platform to Enoch Powell, MP in August.

"At a stroke they destroyed the results of work with Immigrants that some of us have been doing for years," he twittered.

NEWSPIG

"My dear Commander, congratulations! As a result of your recent assistance we nominated you for the Ludmer Prize for services to The Community awarded annually by the Gewirtz Foundation for the Maintenance of High Ethical Standards in Fleet Street—and you've won!! What's that? Which 'Community' does the citation refer to? Come, come, Commander, don't be naive...What's that?...You didn't intend to get mixed up with a pack of...Really, Command der! That sounds like anti-semitism!

Britain needs White rule in South Africa

CHAOS and a reversion to tribalism and savagery has been the inevitable course of events in every country in Black Africa which have achieved 'freedom' from White rule.

Yet another aspect of the disintegration of society in 'free' Africa was revealed by Sir George Bolton, Executive Deputy-Chairman of the Lonrho Corporation, interviewed in *Financial Weekly* on 20th July. He said:

"One major factor which has not yet been fully appreciated in the West is the very real likelihood of a chronic food shortage in Africa south of the Congo.

"All the European methods of pest control have either broken down or totally disappeared . . .

"If the famine does develop it can only be relieved through and by South Africa. The only other food surplus area is Rhodesia, although these supplies have been reduced by guerrilla action . . ."

Quite apart from the scores of millions of Black Africans who have a vital interest in preserving White rule in South Africa, millions of British workers are dependent on White rule being maintained in that country.

In another feature in the same issue of *Financial Weekly* journalist Simon Proctor agonised over the "problems" involved in trading with South Africa, but he revealed the following hard facts:

"About 10 per cent of all British overseas direct investment is in South Africa. The market value of that is about £4 billion. There is also indirect (portfolio) investment worth about £3 billion . . .

"From trade with the country it is estimated that Britain's total gross income comes to about £2 billion a year . . .

"South Africa is a crucial supplier to Britain and the West of such raw materials as chrome, manganese, platinum and vanadium. Given the limited supplies of those materials within the Western alliance, they assume an important military role."

The activities of the Anti-Apartheid Movement in campaigning against trade links with South Africa have, on the short term, tended to benefit Britain's capitalist trading competitors rather than Communism.

Britain's share of the South African market has fallen to 16.6 per cent. West Germany increased from 18 per cent in 1977 to 20 per cent in 1978. In the same period Japan increased from 12 to 13 per cent, and France from 5 to 8 per cent.

Millions more British workers would be thrust on to the dole queue and our capacity to defend ourselves would be yet further reduced if Black rule were to be asserted over South Africa – developments from which the forces of Communism would hope to derive exclusive benefit.

NF News Nightmare File

'BAREFOOT' DOCTORS operating among Pakistani communities in Britain could be "as deadly as the Mafia" according to the May issue of the Association of British Pharmaceutical Industry paper *ABPI News*. The 'doctors' are Pakistani "hakims" (healers) who have set up a *de facto* health service for Asian Immigrants. They have no medical qualifications, but charge Harley Street rates for treatment. Their "herbal remedies" often contain opium, steroids and heavy metals. Bradford health authorities are investigating a possible link between the activities of the "hakims" and the high Immigrant infant mortality rate in the city.

BACK SEAT RAPE was one 17 year old Spanish girl student's introduction to our multi-racial society. In Britain for a three week holiday course in English, she attended a private disco at her Oxford college four days after her arrival in July. As she walked home through the heartland of Britain's cultural heritage she was attacked by "two Coloured men" who hauled her into the back of a car. One held her down while the other raped her. She was then thrown out onto the pavement and her clothes were thrown out after her. "She still sobs constantly," said Det. Insp. Alan Bowmaker a day later.

"'RACIST' PASSPORT RULE" is the description which Asian bus drivers and conductors have for the regulation applied by the West Yorkshire Passenger Transport Executive which demands that job applicants must produce their passports to prove that they are not illegal Immigrants. A petition against the rule for presentation to the Executive and to the T&GWU was launched in August by the Bradford-based Asian Youth Movement. Movement Chairman Manjit Singh declared: "It should not be the task of an employer to help the Police to catch illegal Immigrants."

A "HYENA PACK" of 16 Black youths left a trail of terror across London when they went on a series of robbery sprees, Middlesex Crown Court was told in August. The gang "attacked in numbers and preyed mainly on elderly people." One 75 year old woman was knocked to the floor, bound and gagged, and then had cigarettes stubbed on her arms, legs and face. Another woman, alone in her home, was beaten up as rings were torn from her fingers and her flat ransacked. A man alone in his home was beaten so badly that he sustained two broken ribs and a perforated ear drum. One of his attackers called him "White trash!" Three of the gang ringleaders were convicted of 39 robbery, burglary and assault charges.

DRUG ADDICTION is rapidly increasing in Britain. The June issue of *Doctor* reported that "the large Iranian communities in this country are acting as hosts for addict pedlars, who are concentrating on British students." Earlier this year the Customs Investigation Branch intercepted Iranian heroin valued at more than £2 million aimed at UK users. In July a Home Office report revealed that in 1977 there were 3,000 **registered** addicts. In 1978 the number of **registrations** had risen to "well above 4,000". Home Office analysts said that to estimate the total number of addicts it was necessary to multiply the number of **registered** addicts by 3.

HAREEMS ON SOCIAL SECURITY was once dismissed as a "racialist myth". But now the Home Office has admitted that "polygamous wives are admitted into Britain if such marriages are valid in the Immigrant's country, and were contracted before he settled here." The Department of Health and Social Security admitted on 10th July: "Not all polygamous families are self-supporting and some men claim supplementary benefits for more than one wife. The regulations under which these payments are made allowed benefits for 'Dependent Adults', and could include second wives or even mistresses . . ." Government officials were unable to reveal how many hareem 'families' had settled in Britain.

A BLACK 'SUPERSTUD' is how West Indian Trevor Rice, 21, sees himself. Accused of raping two girls, one 16, the other 15, he boasted: "Sure I made love to those girls – it was nice . . . I made love to the first girl three times, but then she started screaming rape . . . But the 15 year old thought I was the greatest . . . What's it matter who they are, they need me . . ." Rice's defence Counsel told Leicester Crown Court in July that "it is not a criminal offence to have a large sexual appetite." Rice was convicted and sentenced to four years' jail. This trial came shortly after another Court had imposed a ten year jail sentence on Rice for the rape of a woman doctor.

OLD PHOEBE'S 'DREADFUL DEATH'

The Monster . . .

His Victim

GRANNY Merrill – 90 years of age, 4 foot 10 inches tall – was kicked to death on the doorstep of her own home in Peckham, South London, by a 6 foot teenage West Indian mugger.

As she returned from shopping the savage grabbed her handbag containing just £2.50 and her OAP bus pass. Brave Phoebe wouldn't let go, so she was punched to the ground and then kicked repeatedly.

A Coroner's Court in July heard that Mrs. Merrill had been "severely beaten about the head and kicked to the ground. It looks as if she put up some sort of a struggle."

Pathologist Dr. Ian West determined that the cause of death was bronchial pneumonia caused by lung damage and multiple rib fractures. The Coroner, Dr. David Foster, said that Mrs. Merrill had died "a dreadful and terrible death."

Mrs. Merrill was the oldest resident living on Camden Estate, which is a Southwark Borough Council "sheltered housing unit". The savage who murdered her is believed to have attacked two other elderly White women on the estate. He has not been found.

'SUS' LAW

Communists and Young Conservatives are currently agitating against the 'Sus' law (which enables the Police to arrest persons loitering in a suspicious manner). They claim a "disproportionate" number of Black youths are affected by it.

Wolverhampton rape horror

RAPES, all-night parties, marauding packs of muggers, forced prostitution and racial gang warfare are all part of the multi-racial experience of Wolverhampton and nearby Walsall.

Early in July a girl of 19 was attacked and raped by two West Indians as she walked home on the first floor of a block of flats in the Heath Town district.

A local OAP told the press:

"Gangs of youths roam the area. There really is terror on the streets here at night. We are afraid to go out of our homes. There are always people hanging about in the corridors – it can be petrifying."

In nearby Wednesfield White residents living in a tower block in Oakement Drive are driven to distraction by almost continual all-night parties staged by West Indian residents.

Mrs. Linda Cross has declared a rent-strike. "My ten year old son cannot get any sleep," she said. "They are making life hell for my family. The parties spill out from flats onto the landings and stairs and outside."

Three West Indian men from Wolverhampton were charged at Stafford Crown Court in June with abducting and then torturing three teenage girls – one of them aged only 15 – in order to force them into prostitution.

The girls were beaten with the flat of a bayonet, a belt and a skipping rope. One girl was knocked unconscious, tied up, then thrown into a cellar. They were later forced to sell themselves at £5 a time.

During July there were two pitched battles between Black and White youths in Walsall. Two White youngsters were injured by a Black who wielded an iron bar.

RAPIST CELEBRATES

RAPIST Clive Holmes gets a big celebration hug from his fiancee Andrea Almond after an Appeal Court reduced his sentence for raping a 35 year old woman from two years jail to a suspended 18 month sentence.

Holmes, of Watford, Herts, admitted: "I am surprised to be free so soon." His girl-friend Andrea – a South Oxhey hairdresser who lives in Rickmansworth – said: "It's great! We'll go out tonight for a few drinks."

The couple were engaged last September and plan to marry soon.

SLOUGH WHITES FIGHT BACK

DETERMINED action by angry residents of Kent Avenue, Slough, Bucks, prevented Pakistani squatter Mrs. Nasreen Saba from jumping the housing queue last June.

Mrs. Nasreen vacated the Council house at number 55 to go on a holiday to Pakistan, leaving rent arrears of £300. On her return she demanded the house back, and when she was not given it she squatted.

Furious neighbours laid seige to her and drove off her relatives who tried to move in provisions and furniture. After a brick-throwing incident the Police were called.

After a week Mrs. Nasreen crept out to see a friend, but on her return neighbours prevented her from re-entering, and maintained an all-night picket until Council officers formally took possession of the building.

Mrs. Nasreen originally entered Britain as an illegal Immigrant!

TRIAD TERROR -IN GLASGOW!

***SOI FONG* is the name of one of China's ancient Mafia-style secret societies – Triads – which, due to mass Immigration, has now extended its tentacles as far as Glasgow!**

King Wing Chan, 27, Glasgow boss of *Soi Fong* was able to live in millionaire style – £400 suits, silk shirts, £4,000 a night casino losses – because he terrorised Chinese businessmen into giving him money.

Chan was sentenced to a five year jail term.

Meanwhile Chinese gangsters belonging to rival Triads fought a pitched battle in **Dublin, Eire,** recently with meat-cleavers, knives, clubs and shotguns, during which "appalling injuries" were inflicted.

Race Board man's flashist tactics

A LEADING Black member of the Commission for Racial Equality (the 'Race Board') has been sent to prison for nine months for subjecting White tenants in his Herne Hill, South London, house to a "two year campaign of nerve-wracking horror".

Gayton Shepherd, 44, a senior official for the CRE, wanted to drive his tenants, Mr. & Mrs. Harris, out of their flat.

Sentencing him at Knightsbridge Crown Court in August, Judge Nina Lowry said: "Your motive was greed. You wanted to increase the value of your property."

Harrassment techniques employed by Shepherd included banging on the ceiling with a broom, cutting off the Harrises' water supply and tampering with their mail, spreading grease in the corridor, and standing at the foot of the stairs 'flashing' his private parts at Mrs. Harris.

Shepherd's wife assisted with the harrassment, and she was given a 9 month suspended sentence. The Crown Court prosecution was only brought after Shepherd and his wife had defied a Magistrates' Court order to desist.

A CRE spokesman said that there was a "possibility" that Shepherd would be dismissed from his £6,000 a year job, but added "nothing is going to happen in any great hurry."

DR. MOUSSA'S IGNORANCE KILLED LITTLE KIM

ELEVEN year old schoolgirl Kim Bathgate of Balerno, Lothian, Scotland, is now dead because Asian doctor Sami Moussa injected her by mistake with 100 times the correct dose of penicillin.

The Edinburgh Sheriff Court heard in July that Kim had been taken to Leith Hospital, Edinburgh, complaining of leg and hip pains. Dr. William Scobie, consultant paediatric surgeon, ordered Dr. Moussa to give Kim a penicillin injection in her spine.

Dr. Sami Moussa

Kim Bathgate

Dr. Scobie assumed Dr. Moussa knew that the correct dose for a penicillin injection **into the spine** was **six** milligrams. But Dr. Moussa did not, and he injected **600** milligrams.

Sheriff Caplan, QC, said of Dr. Moussa: "His ignorance of the toxic effect of penicillin on brain tissue was a serious omission in the knowledge of a surgeon."

The 31st May issue of *Medical News,* under the heading "Immigrants Flood In", revealed:

"The introduction of new language requirements for full registration for doctors from Burma, Sri Lanka and India from December 1st, 1978, brought during October and November a spate of applications for full registration from doctors who had qualified in these countries.

"Altogether, 2,669 overseas-qualified doctors were granted full registration in 1978 . . . The Temporary Registration Assessment Board (TRAB) conducted 11 tests in the UK during 1978 and out of 1,828 candidates tested, 770 passed; 806 of the candidates were attempting the test for the second or subsequent time."

In July the General Medical Council disciplinary committee ordered that the name of Dr. Asim Kumar Nandi who qualified at Calcutta, India, be struck off the Register. He was found guilty of acts of indecency on four women undergoing treatment at an un-named hospital in Surrey.

The Surrey Area Health Authority complained that when they took Dr. Nandi on they were not advised that he had attracted complaints in two other Health Authority areas, had been dismissed from a post in Yorkshire and had been under investigation by the Police in Kent – all as a result of allegations of indecency against patients.

Only a day after a young doctor from India – Dr. Bishwambhar Singh – had got himself a probationary job at the Royal Hospital, Chesterfield, he complained of feeling ill. After tests he was rushed to the isolation unit at Lodge Moor Hospital, Sheffield, where he is being treated for typhoid.

The medical magazine *Pulse* reported in July that 12½ per cent of Asian children in Britain suffer from rickets. Another medical magazine, *Medical News,* reviewing a report produced by the Scottish Home and Health Department stated that 23 per cent of Immigrant children in Glasgow had rickets.

Race crisis looms in South Wales

MULTI-RACIALISM was all very well for many folk in South Wales – just so long as it was confined to the Tiger Bay dock area of Cardiff.

But now Tiger Bay is mostly knocked down and its population dispersed. That development, plus the steady incursion of new Asian and West Indian Immigrants, has resulted in many people in the towns and valleys of South Wales realising that they now have a race problem.

Newport was shocked during July and August by revelations that emerged from the trial at Newport Crown Court of West Indian ponce Kenneth Canute Dawkins.

He was convicted of living off the immoral earnings of White prostitute Patricia Mary Ball for a period of 11 years.

During the trial Chief-Inspector Peter Rowlands told the Court that Dawkins had been detained at Cwmbran, not in Newport, because he believed that "Dawkins has one or two Policemen in his pocket."

2000 IMMIGRANTS

There are now about 2,000 Immigrants living in Newport alone – mostly from Pakistan and Arab countries. There are a few West Indians and one family of Guyanese Asian Hindus.

Mr. William G. Marsh, Headmaster of Bolt Street Primary School, Newport, told a meeting of Governors in July that the stage had been reached where admission to the school would have to be denied to any newcomers unable to speak English.

He said: "Parents of pupils in the infant department claim that their children are disadvantaged because teachers have to spend so much time with the non-English speaking pupils."

The Asian community in South Wales is petitioning the Home Secretary to prevent the deportation of Minder Singh, a priest at Cardiff Sikh Temple. Singh came to Britain on a month's visitor's permit, then stayed for two years.

ABSENTEE LANDLORDS GRUMBLE AS INDIA CONFISCATES LAND

WAILS rent Southall when the huge Indian community there got to hear of a new law the Indian Government is planning under which persons who obtained ownership of land in India some years ago by means of a system now designated as "unofficial" are liable to have that land, and any rents received from it, confiscated. The proposed new law might also affect money sent by Indian Immigrants in Britain to their relatives in India. In mounting a campaign against the law the Southall Indian Workers Association denied that Indians in Britain felt the need for a well-lined bolt-hole back in their homeland.

FRONT MEETING PLACE BOMBED

RED TERRORISTS FAIL TO HALT BOLTON N.F. RALLY

CHEMICAL smoke bombs and a lump of petrol-soaked foam rubber – all attached to bricks – were hurled into Greater Manchester's "National Front pub" – the Bull's Head, Stockport – on Sunday 19th August.

The attack came just after NF members had left the pub after attending a meeting addressed by NF National Activities Organiser Martin Webster.

Fortunately little damage was done thanks to quick action by the Manager, Mr. Eric Walsh, but his wife and eight year old son were terrified.

The owner of the Bull's Head told *NF News:* "Tell the Reds from me: 'Go to Hell!' "

The attack was perpetrated as a last desperate bid to get an NF public election meeting set for the following night at Farnworth Town Hall, Greater Manchester, cancelled after threats of violent demonstrations by ANAL Reds and petitions to the Home Secretary by local Labour MPs had failed to secure a ban.

When Mr. Webster, Regional Agent Michael Cowley and the local NF candidate Mr. John Hamilton entered the Town Hall they were greeted with a hilarious display of dummies of German Nazi leaders in front of a banner reading "Webster's Heroes".

"OUR WAY FORWARD" BY N.F. CHAIRMAN

NATIONAL FRONT Chairman John Tyndall spent late August and early September addressing Branch and Regional assemblies of party officials and activists on plans for the development of the NF during the next five years.

"The four years prior to last May constituted a period in which it was impossible to plan beyond a constantly looming General Election," Mr. Tyndall reminded his audiences.

"But now there is a new Government with a secure majority we have an opportunity to lay down plans to revise organisation and extend our promotional techniques."

Keynotes of Mr. Tyndall's thoughts for the future included:

MEDIA POWER: "The mass media will never treat the NF fairly. We can only hope to 'improve our image' by promoting our own publications and, on the long term, encouraging our brightest youngsters to go into journalism."

RECRUITMENT: "We must diversify the range of our membership intake by including in our propaganda output material appropriate for young people going into higher education and the professions."

SUBSCRIPTIONS: "The paid Regional Agents and local HQs that we desperately require can only be afforded by a significant increase in the Full Membership subscription. But the privileges attached to Full Membership must be increased proportionately."

DISCIPLINE: "We value tough young members – but we must rid the NF of a politically mindless element who use our party as a cover for hooliganism."

Our photo shows Mr. Tyndall addressing a packed meeting at Ealing, West London, recently. On his right is local Organiser Mr. James Shaw.

'BOAT PEOPLE' INFLUX SPARKS DEMOS

LOCAL Branches of the NF have been staging protests against the influx of 'Boat People'.

100 West Midlands and NW of England members demonstrated at Eccleshall reception camp, Staffs, on Sunday 8th July.

At first the pickets were orderly, but it was later spoiled by hooligan hangers-on. Their antics prompted Police to arrest demonstration organiser John Blissitt, Organiser of Wallasey Branch.

He was fined *£400* for accidentally touching a car with his placard! Donations, please, to "Wallasey NF Branch", c/o *NF News*.

Accrington, Lancs, Organiser David Riley won big local publicity in August following a protest meeting at which he attacked Hyndburn Council's decision to grant homes to 'Boat People'.

"It's disgraceful that these people should get homes that should go to our own people!" he declared.

50 West Midlands members invaded a meeting of Sandwell Council on Tuesday 8th July, chanting "No 'Boat People' in Sandwell!" They heckled Councillors with shouts of "Liar! . . . Traitor!"

Bexley Branch, Kent, has published a leaflet protesting against the conversion of the Royal Alfred Seaman's Home into a reception centre for 'Boat People'.

Leeds YNF members picketed the reception centre at Ilkley, Yorks on 28th July.

Walsall, West Midlands, YNF members announced in August a plan to picket Walsall Town Hall.

LILLEYWHITES NEWS

ONE of Manchester's YNF soccer teams, The Lilleywhites, have been forced to quit the Hyde Sunday League – which voted them a sportsmanship award last season – because the new Labour bosses of Hyde Council refuse to rent the team a pitch.

The team has thus joined the nearby Stockport League after securing the use of a pitch at Mill Lane, Woodley. Vengeful Labour and ANAL spokesmen threaten to disrupt Lilleywhites' matches.

HELP THESE PATRIOTS!

AN attack by 'Anti-Nazi League' (ANAL) thugs on a peaceful NF leaflet drive in Rotherham, Yorks, during the last General Election was bravely fought off, but two NF members were arrested.

They were Mr. Tony Cooper, Branch Organiser, and Mr. Michael Day, an NF sub-Agent. Magistrates only imposed a 'Conditional Discharge' – but their costs totalled £140.

Please help them by sending cheques/PO's to "Rotherham NF Branch" via *NF News*.
